Face to Face

SafeWork NSW

INDUSTRY

CPC - BUILDING &
CONSTRUCTION

Existing worker

Job seeker

What will you learn

- NSW WHS legislation and regulations
- Identifying common construction hazards (e.g., working at heights, electricity, asbestos)
- Implementing risk control measures
- Understanding safety signs and symbols
- Correct use of PPE (e.g., hard hats, safety glasses, high-visibility clothing)
- Emergency procedures and incident reporting

By completing this course, you will be able to:

- Identify health and safety legislative requirements for construction work.
- Identify construction hazards and implement risk control measures.
- Understand health and safety communication and reporting processes.
- Follow incident and emergency response procedures.

Entry requirements:

- Minimum 14 years of age
- 100 points of ID (as required by SafeWork NSW)
- Ability to understand and communicate in English
- Have a USI (Unique Student Identifier) or create one [here](#)

Study pathways:

Take your study further with other courses offered at NTO:

- **Full Qualifications:**
 - Gain a broader understanding of workplace safety with a **Certificate IV in Work Health and Safety.**
 - Explore qualifications in construction trades, such as carpentry, plumbing, or electrical.
- **Specialised Skills:**
 - Develop your skills in specific areas such as scaffolding, rigging, or working at heights with relevant short courses.
- **Short Courses and Skill Sets:**
 - **Gain essential workplace skills:** Combine this course with First Aid (HLTAID011) to enhance your workplace safety knowledge and response capabilities.
 - **Operate heavy machinery safely:** Gain the skills and qualifications to operate forklifts (TLILIC0003 Licence to operate a forklift truck) safely and effectively.

Note:

Your certificates, transcripts and other entry requirement evidence must be certified through a Justice of the Peace or other authorising officer. NTO can provide this service if required.
